PRESIDENT'S MESSAGE

As you have probably heard I have been in the hospital since the 23 September so my activities have been limited.

However, I have had time to ponder and collect my thoughts. My enthusiasm is as great now as it was when we organized. I feel that, ultimately, our club will become one of the best known groups in the country. Not because we have a large membership, but because we have an active, progressive group that has continuously supported the growth of F.M.

Once again I would like to request your help. Jeff Kaye from WKBW has requested that BARRA support WKBW during the annual Salvation Army Drive as we have in the past.

We have sent him our acceptance and should have all the particulars soon. It looks like 6 or 8 mobiles and a base station for a Saturday in December would do the trick.

I expect to be out of the hospital about 4 October and should be in great shape for our next meeting.

73,

Fran K2GUG
